

Covid-19 Risk Assessment Statement

Our key aim is to ensure the safety of our staff, customers, suppliers and everybody else with whom we interact.

Please be aware that extra safety and control measures have been implemented, we ask for your patience and understanding when visiting our locations.

SMH Group have conducted suitable and sufficient Covid-19 risk assessments for all of our sites across the UK, in line with government guidance. As Covid-secure workplaces, the following key actions have been completed:

- Carried out Covid-19 risk assessments and shared the results with all SMH employees
- Implemented cleaning, handwashing and hygiene procedures, in line with guidance
- Taken all reasonable steps to help people work safely from a Covid-secure workplace
- Taken all reasonable steps to maintain a 2m distance in the workplace
- Done everything practical to manage the transmission risk on occasions where people cannot be 2m apart

We continuously monitor official guidelines to ensure standards and controls across the business are present and effective.
